Neeraj Joshi

joshineerj@gmail.com | *7669222362* | *Linkdin*

Skills

Languages: C/C++, JavaScript , HTML

Technologies & Tools: CSS, Tailwind ,MongoDB ,ReactJS,Redux,Git,Github.

Work Experience

Product Intern, Adobe   **06/2024-08/2024**

Notification Feature

- Developed a Node.js notification service for Adobe Connect, allowing hosts to send real-time reminders to absent attendees.
- Established WebSocket connections for real-time messaging and integrated with desktop app background processes.
- Gained proficiency in C++ Boost libraries, real-time messaging, and debugging.

Enhanced Whiteboard Utilities

- Developed advanced whiteboard utilities: Magic Shape Marker, Highlighter, Save As PDF, Background Change, and Shape Level Creator Mark.
- Gained experience with WebAssembly and Emscripten.
- Enhanced debugging and fast implementation skills.

Personal Project

1) Movies/Tv Shows Website | Deployed Link | GitHub | React, Redux TMDB APIs

- Developed a movie and TV show website using React and Redux.
- Responsive design, ensuring the website is functional across different devices and screen size.
- Utilized Redux for state management, allowing for efficient data flow and seamless integration of multiple components.

2) Weather Generating website | GitHub |JavaScript |Tailwind CSS| HTML

- Generates Weather on Basis of the current location and Entered City
- Purely based on JavaScript, DOM Concept.

Education

DELHI TECHNOLOGICAL UNIVERSITY
B-Tech ,Software engineering **CGPA: 8.911**   **2021-2025**

Sanathan Dharam Public School
CLASS 12TH : 96.5%   **2020-2021**

Academic Achievements And Awards

Expert At CodeForces (max 1667) and **5 star** at Codechef .
Guardain At LeetCode (max 2321).
Consistently ranked under 1500 in Codeforces Division 2 and under 400 in LeetCode contests.
